RECITAL 2021

Owners Message

I'm sitting here reflecting on the past 15 months, the many sacrifices everyone has made and the loved ones lost. Covid took everyone by surprise and shut our lives down in what seemed like an instant; many lost jobs, children could not attend school/activities and folks were forced into seclusion while not being able to socialize. It was hard enough on adults, but it really took a toll on our young people.

Our family was very blessed. Not only did we survive the virus, but we were able to keep the studio running which gave an outlet for our dancers a hiatus from the lockdowns. It was definitely not business as usual, but enough to carry the kids through the hardest thing most had to deal with in their lives. We are so grateful for the opportunity to have provided this outlet for our dancers and teachers and so grateful for the families who showed their support of the studio through a rough time. Together we muddled through.

Although we missed Holiday and June Shows, competitions, conventions, guest teachers and so many other activities, we danced, worked hard and we forged ahead. We may have to travel a bit further and pay a bit more to be together today, but how great is it for everyone to sit together and finally share in the accomplishments of our dancers? How wonderful is it for the students to be able to share their talents and hard work with family and friends? How happy are the dancers today to be able to get on a stage and do what they love, PERFORM?

Everyone at Adrenaline are so excited to be back and be able to provide this opportunity. We love each and every dancer at our studio and enjoy working with them. We appreciate every parent and family who share their special children with us. We are so thankful that we are all well and here together today and look forward to many more healthy years of dance.

Best Wishes Always,

Kim & Pete Linthicum

senior SPOTLIGHT

Amelia began dance at the young age of 3 years when her Mom enrolled her as a fun activity to participate in. Tap became her favorite genre and she excelled in it even landing her a spot on the diamond tap team. Amelia says of dance, "Dance is something I enjoy doing and a place for me to see and cheer on all my friends and build relationships with my coaches and teachers." She also told me that, "ADY is a place for me to do something I love with some of my favorite people."

Amelia's favorite memory from dance was spending a week in Ocean City Maryland for Nationals, being on the National dance team and the infamous boat ride the team took that week with coaches, team members and parents.

Outside of dance, Amelia has excelled academically, being a member of the National Honor Society and being accepted to West Virginia University's Honors College where she will study Chemical Engineering. While in high school, Amelia was a member of the Susquehannock Varsity Cheerleading team and a member of the Shrewsbury Borough Junior Council.

To the coaches and staff at Adrenaline Dance, Amelia wants to thank you for the constant support and that she has always felt loved within the studio and during competitions. To her fellow students, she says, "I love all of you and continue to be each other's biggest cheerleaders." To Ted and her Mommy, Amelia wants to thank you for always supporting and being there for every performance, whether you were falling asleep or helping back stage.

senior SPOTLIGHT

Avery Volz has been dancing for 13 years, and the last eight years with us at Adrenaline Dance. As a small child she would dress up and dance all over the house, getting her inspiration from the hit TV show, "Dancing with the Stars". As a

child, Avery danced Ballet and Jazz, but eventually gravitated toward Hip Hop.

You can add choreographer to Avery's list of talents. She helped choreograph three of her award-winning dances; "Bellyache," "&Burn," and "By Your Side". Dance is an escape for Avery. She said, "I can be going through absolute hell and when I dance, it all melts away and I feel so much better. When I am on the dance floor, nothing else matters."

Along with her numerous dance achievements, Avery is a talented writer and her first Novel is being published in early 2022. She has remained on the distinguished honor roll for her entire High School academic career. Avery plans to attend Penn State York for two years, then transfer to Penn State Main Campus to study Psychology and Neuroscience. She is hoping to become a member of the Penn State Dance Team or club. If they don't already exist, Avery says she will start one!

As for Adrenaline Dance, Avery calls it her "Home away from Home". She would like to thank the teachers for pushing her to her fullest potential, for recognizing her natural abilities, and giving her an opportunity to grow as a dancer and a person.

To her fellow dancers, Avery's advice is, "Always be yourself and don't care what others think, because as soon as you do, you damage yourself. Recognize the light in yourself and never stop dreaming."

Avery would also like to thank her Mom for "the years of patience with my hair and makeup" and her Dad for his endless support and always being the loudest fan when she dances. She wants you to know she actually hears you from the stage!

senior SPOTLIGHT

Krista started her dancing career by attending a class as a guest of a friend when she was 8 years old. She immediately fell for her favorite genre "Hip Hop". Krista says Hip Hop allows her to be free with her movements; "It has less rules and structure". When things are very stressful, dance is a place to go where you can forget everything else that's going on in life. "It's just a few hours to just dance and have fun", Krista relates.

Krista's best memory of dance is her first trip to the World Dance Championships with her teammates in "Why We Do It". She was in awe of the whole environment. "It was everyone's first year competing and no one really expected us to win, much less get a bid to World's." Krista says, "It was like the cherry on top of a great year." It was great incentive to keep dancing. Eventually Krista went on to become a Hip Hop teacher at the studio sharing her love of dance with younger kids.

Aside from dance, Krista remained on the Honor Roll for the duration of her High School academic career. She is a member of the National Honor Society and finished in the top 10% of her graduating class. Currently, Krista is attending Millerville University studying Psychology. She is adamant that mental health is so important and she loves the idea of helping other people.

Krista says that Adrenaline Dance of York is like a home away from home to her. She feels the environment is so comfortable and welcoming, the teachers are amazing and the students truly are her best friends. She would like to thank all the teachers, staff, parents and students for believing in her and being so encouraging over the years. Of the teachers she says, "I can talk to them about anything. They are always there to help and just be there for me." To her parents, Krista says, "thanks for always being so supportive and always being there for me, especially my Mom who woke up at 4:00 in the morning to fix my hair and makeup." To the other student's, Krista would like you to know that you made dancing fun and keep dancing!
